'Painless' registration goal of MHCC director

The director of admissions at Mt. Hood Community College in some way resembles a dentist.

He wants to make the registration process as painless as possible.

"We try to correct, improve and refine the registration process each year and this year we think we may have come close to a painless system," explained Alan Goodell, director of admissions.

The college will hold registration, which began Sept. 7 and runs through Sept. 27, in the Vista Dining Room on campus. Goodell said that registration has been moved to the Vista Dining Room "to make the registration process as pleasant an experience as possible."

He noted that in the larger area the college will be able to provide more stations for course cards and this will result in shorter lines for students. There will also be more room for students to fill out registration forms, he said.

Goodell noted that "our goal is to devise a registration system that will enable a student to register for all of his classes within a half-hour period." He added that it is rare for a student to spend more than one hour in the registration process.

The biggest registration problems for the individual student are caused by indecision in choosing classes and tail-end registration when class sections are beginning to close because of prior registration.

Goodell stressed the importance of students being well prepared in choice of classes and having a few alternate classes in mind if a particular class is filled. He also noted that the counseling staff would provide a counselor for drop-in consultation during all registration times.

"We make a big effort to humanize the registration process," Goodell said.

An information booth will be centrally located in the Vista Dining room and resource people will be available to aid students in the registration process and answer questions.

Additionally, special information booths focusing on veteran's programs, financial aids, insurance and classes at Maywood Park and Mall 205 will be in the Vista Dining Center.

Registration for continuing students is Sept. 7, 8 and 9 from 8:30 a.m. to 4 p.m. New students registration is from 7:45 a.m. to 4 p.m. on Sept. 14, 15, 16, 17, 20 and 21.

A special Saturday registration for night students from 9 a.m. to 3 p.m. on Sept. 11 and from 5 to 8 p.m. on Sept. 13 will be offered for community people who are unable to get on campus during weekdays.

Transfer students register at 8:30 a.m. and 1:30 p.m. Sept. 10 in the Vista Dining Center.

Marilyn Kennedy, registrar, said that the night student registration has been moved up in the sequence of student registration to assure an equal chance for different types of students to enroll in classes of their choice.

Open registration for any student will be held Sept. 24 from 8:30 a.m. to 3 p.m. and late and evening registration will begin Sept. 27 from 8 a.m. to 8:30 p.m. and continue through Sept. 30 from 8 a.m. to 9 p.m. Late and evening registration will be held in the Town and Gown Room on Sept. 27 and will be moved to the Admissions Office Sept. 28 through 30.

Mystery grave

THESE CAMP FIRE GIRLS are wondering who is really buried in the unmarked grave in Sandy's Meinig Park. Pictured from left are Julie Dasher, Jennifer Dasher and Donnie Terrill. Local legend has it that a horse thief was laid to rest here, but others say a logger is buried in the grave. The Camp Fire Girls have requested that anyone with information concerning the identity of the person entombed in the park call Donna Ferguson at 668-5674.
