

DENNIS WALLACE, on motorcycle, happily celebrates his success in the recently completed Sandy Post subscription contest with Dr. Marvin Peterson, Sandy dentist who served as judge in the contest.

(Post photo)

SECOND PLACE color television set is the prize that Marc Proudfoot earned in The Post subscription contest. Dr. Marvin Peterson, local dentist, presented the prizes to the youngsters.

## Wallace nabs first in subscription contest

The Sandy Post subscription sales contest was completed Saturday. Dennis Wallace earned the top prize, a Honda XL-100 from Sandy Cycle Shop followed closely by Marc Proudfoot who earned the second place prize of a portable color television from Sandy TV and Appliance.

Steve Grable raced into third place the last week-end of the contest and took home an electric guitar and amplifier from The Complete Music Center, Gresham.

Rounding out the top five sales kids were Mike Robinson and Brian Buhler who received ten speed bicycles from Coast-

to-Coast. Others finishing the contest and earning a 15 per cent commission on their sales were: Robert Mintun, Todd Kennedy, Paul Williams, Brian Hull, Chantel Flatt, Robert Lawson, Rex Moody and David Tuttle.

Marc Proudfoot earned a watch for bringing in the most new subscriptions.

For those subscribers who were not contacted by the sales kids, the contest subscriptions rates will be good through Oct. 31 if mailed into the office. These renewals or new subscriptions will not be counted in the contest however.

**EFFICIENCY IN GOVERNMENT**  
State government has gotten too big, too costly, and too inefficient. We can change that in three steps. First, set measurable goals for every agency. Second, audit them periodically to keep them on track. And finally, terminate any program not meeting its objectives. My goal is to make our state government work efficiently and make it responsive.

## Good Turn Day set

NEED OFFICE HELP? TRY THE CLASSIFIEDS

The Sandy City Council has proclaimed Saturday, Nov. 6, as Good Turn Day in Sandy. The day has been set aside to honor the 26th annual collection campaign to benefit Goodwill Industries of Oregon.

Columbia River Council Girl Scouts from the Sandy area will be participating in the project, along with National Guard personnel and local volunteers. Discarded clothing, and other reliable and repairable material collected in this campaign will be used in Goodwill's on-the-job training and rehabilitation program for the handicapped.

The proclamation signed by Sandy Mayor Melvin Haneburg asked that Sandy residents participate in this annual collection campaign.

"Goodwill Industries of Oregon, as a non-profit agency, is widely recognized for its program of helping the handicapped for almost 50 years," the proclamation said.

## Timber loans with short-term and long-term benefits.

The Land Bank is a dependable source of long-term credit. And we're eager to provide financing for timber tracts.

Choice of repayment plans, terms from 5 to 35 years, and money at lowest possible cost. Those are the long-term benefits.

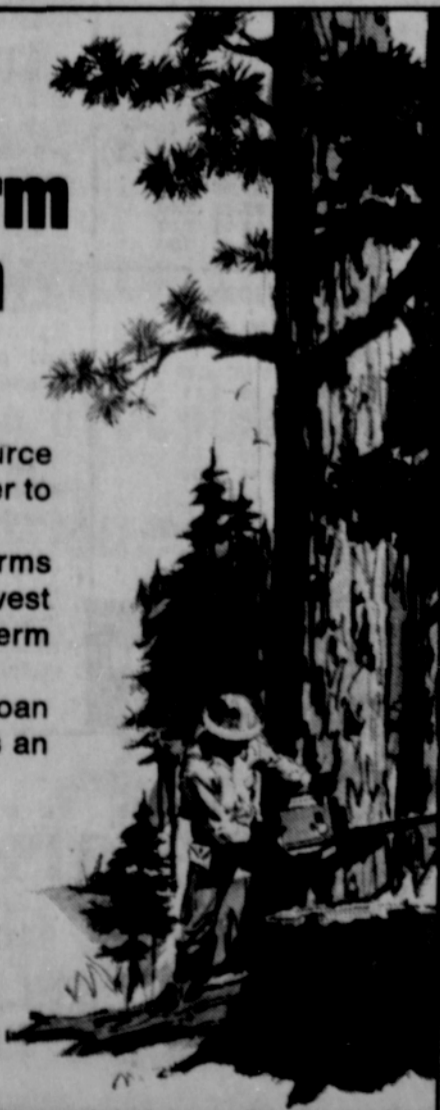

You may repay all or part of the loan at any time, without penalty. That's an important short-term option.

We're local, so stop in.
