

**Bike race set**

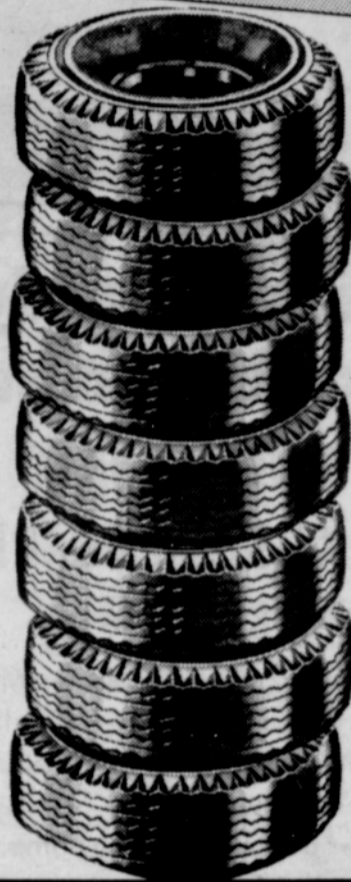

THE SANDY COMMUNITY SCHOOL and Sandy Recreation Department aren't about to leave kids out of the Sandy Mountain Days activities. Bike races will be held for youngsters ages 6-12 on Thursday, July 6, at the Sandy Elementary School track. Ribbons will be awarded in several categories, with separate brackets for boys and girls. Along with the more typical speed

races, there will be several special events, including the "no foot" race in which contestants are allowed to pedal three-fourths of the way around the track. Down the home stretch, they have to coast. A bike decorating contest will also be held. To register call 668-5744. The event begins at 10:30 a.m. and will last until noon.
