

Kris Koenig

Kris Koenig, 18, plans to attend the Bassist Institute of Fashion Merchandising and become a fashion buyer.

The 1978 Estacada High School graduate is due to start working at the Gresham Village Action Alley clothes store to get some experience in fashion merchandising.

Kris says she hopes to eventually own her own store after working as a buyer.

She also designs some of her own wardrobe in addition to sewing other outfits.

"I like designing clothes and I want to design more," Kris said.

In addition to designing clothes, Kris is an avid traveler. Her

latest major trip was a trek for ten weeks in Europe last summer with her family.

The Timber Festival court has been keeping Kris busy traveling around the state to other celebrations, representing Estacada. She says she enjoys meeting other courts at other towns seeing other loggers compete in other festivals and then seen them compete in Estacada.

"It's neat to see the same guys compete at another place and then see them come to Estacada for the Timber Festival," Kris said.

She is the daughter of Ron and Kriemhild Koenig of Estacada and has one brother Reinhard, 14.
