Introducing the 'little-big' tractors from John Deere

New 22- and 27-PTO-hp diesel tractors with big-tractor features.. small-tractor prices

See us today for a new 850 or 950 Tractor

The new John Deere 850 and 950 Tractors fill the power gap. You can own one for about the same price as a comparably equipped used tractor.

Both tractors are powered by 3-cylinder diesel engines with wet-type sleeves. The 850 has 22 PTO horsepower; the 950, 27 PTO horsepower. Other standard features include: "Hi-Lo" transmission with 8 forward and 2 reverse speeds... hand-and-foot-operated throttle controls... and engage-on-the-go differential lock.

A 3-point hitch (Category 1), 540-rpm PTO, and adjustable drawbar handle more than 20 implements. Front and rear wheel-tread adjust to the job at hand. The tilting hood makes servicing easy.
