

COSTUME CONTEST WINNERS

Eastport's annual employee costume contest, held July 17th as the mall opened that Thursday morning, was another headache for the judges as employees tried to outdo each other with some very creative and humorous get-ups.

Nearly twenty mall employees took part in the activities which culminated in the judging on the main mall by Pay 'n Save. Shirley Robbins of Penney's walked away with the first place money, of \$75, disguised as Miss Piggy, from the TV show, the Muppets. She had gone so far as to imitate Miss Piggy's characteristic gait and mannerisms, sparking many a chuckle amongst contestants and observers alike.

Ron Bowden of Penney's took second, \$50,

1st place — Shirley Robbins of Penney's, as Miss Piggy

2nd place — Ron Bowden Penney's as the eight legged insect man.

in a bright green, eight legged bug outfit, replete with shiny green face. Ida Hamill of J.K. Gill's, looking like an Old West dance hall beauty, tied for third with Delaine Coombs of Penney's as the wash-lady, ala Carol Burnett. Both won \$25 each. From the lineup of winners one might get the impression that the judging was done by someone connected with Penney's. Not so. The judges were; Ruth Lukan, manager of Equitable Savings, De Wayne Pearson of the King's Table, also manager, and Jim Doyle, owner of Eastport Florals and Tropicals. The quality of costumery in this year's contest was extremely high, and while congratulations go to the winner, congratulations are also in order for the also rans, who helped wake up a few shoppers with their zany outfits.
