**ONE SIZE DOESN'T FIT ALL.**

Why use a big tractor on a job a small tractor can do just as well? And do for less.  
Our B-Series Kubota tractors range from 12 to 16 hp, have two- or four-wheel drive, and handle a variety of implements. All have a hydraulic 3-point hitch, standard rear PTO, 6 forward and 2 reverse speeds, plus a dependable diesel engine. And one even has hydrostatic transmission.  
So if you want to get the job done right, get the right tractor for the job.
