

Remodeling time? Start in the kitchen. If you're planning home improvements, consider the convenience of lots of storage space and fully featured built-in appliances. This "Family Kitchen" features standard and custom cabinets, ample work surfaces, a pass-through to the dining area, built-in double ovens with classy black glass, and a spacious side-by-side refrigerator with exterior water and ice service. Other built-ins include an under counter trash compactor, surface cooking unit, and multi-cycle dishwasher. Kitchen design and major appliances by Hotpoint.

**AN ALL PURPOSE LATEX FLOOR ENAMEL**

A new all purpose polyester-fortified Grand Prize® Latex Floor Enamel, from United States Gypsum Company, helps provide a finish that is

shiner, stays cleaner, and equals or surpasses many paints in wet and dry abrasion-resistance and color-retention tests.

This latex floor enamel is intended for exterior or interior floors and stairs of wood or concrete. It resists the scuffing of heavy traffic with a minimum of noticeable wear, and will not lose color under normal conditions of exposure.

It is a quick-drying, scrub-bable latex floor enamel and is self-sealing and available in white and six traditional colors — teak brown, tile red, quarry gray, slate green, sand and light gray.

For further information visit your Home Center or Building Material Dealer or write United States Gypsum Co., Department 161-1 HIT, 101 S. Wacker Drive, Chicago, IL 60606.
