Cedar Ridge students seek funds for program

Eight Cedar Ridge School 7th and 8th graders have qualified to attend the Summer Enrichment Program for Talented and Gifted Students in a statewide competition. The program will be held on the University of Oregon campus in Eugene.

The director of the program, Dr. George Sheperd, said the applications were overwhelming and that Sandy Elementary District qualified a higher percentage of its TAG students than any other district in the state.

Students who attend the program will have full use of UO facilities which will include electron microscopes, the planetarium, microcomputers, chemistry labs, biology equipment, theaters and athletic facilities.

The eight students will live on campus for two full weeks and take advanced-level classes from qualified professors in most academic disciplines including mime and other theater-related areas.

The bad news is that it is expensive. Each student will have to raise $320.

The majority of the students cannot afford that kind of money, but they want to attend the program and they are willing to work.

If anyone in the community has odd jobs, such as lawn cutting, window washing or even oven cleaning, that the students could do, it would be appreciated if they would contact Lorna Roehm at Cedar Ridge School, 669-8067, between 8 a.m. and 4 p.m. as soon as possible.
