HOW CAN YOU CUT YOUR LONG DISTANCE PHONE BILL?

WITH TOLL-PAC!

TOLL-PAC is Personalized Area Calling. It lets you make 30 minutes' worth of calls—to up to three exchanges—at a rate 40% lower than the direct-dialed day rate. Additional minutes are also billed at a reduced rate.

HOW DOES TOLL-PAC WORK?

You select one, two, or three exchanges outside your local calling area but within a 40-mile radius of your exchange.

You'll be billed a flat rate for the first half hour of conversation and a per-minute rate for each additional minute. (Your first 30 minutes of conversation can be any combination of calls: two 15-minute calls, ten 3-minute calls, etc.)

The rates are based on mileage from your exchange, like this:

Miles	First 1/2 hour	Each additional minute
0-10	1.35	4.5 cents
11-16	1.65	5.5 cents
17-22	2.25	7.5 cents
23-30	2.85	9.5 cents
31-40	3.45	11.5 cents

You are charged the flat rate whether or not you use the full 30 minutes. The reduced rates apply only to customer direct-dialed calls, and apply 24 hours a day. If you place a call through the operator, you'll be billed for that call at the regular operator-assisted rate, unless:

- * you dialed the call yourself and were disconnected and the operator re-placed the call;
 - * you are a handicapped person and cannot dial calls yourself.
- There's a one-month minimum subscription to the service.

HOW CAN I SIGN UP?!

First, check your last few phone bills and determine which exchanges you call most frequently. If it looks like you'll save money with TOLL-PAC, call your Continental Telephone of the Northwest business office.
