

Spawning steelhead and salmon have driven a number of fishermen to local rivers. This angler was trying his luck on the Salmon River. Photo by Dan Dillon

Highway 35 detour open

Paving of the detour of the Mt. Hood Highway, ORE35, has been completed and opened to full two-way traffic.

The detour on the Mt. Hood Loop was necessitated by the Christmas Day washout of the highway. From the north, the detour begins at Mt. Hood community post office, follows the county's Cooper Spur Road and rejoins Highway 35 near Polallie Creek. The detour closely parallels the Mt. Hood Highway.

The detour was in use from Christmas Day to June 1, when it was closed for repair. Traffic was limited to vehicles less than 5,000 pounds.

Repairs to the road included resurfacing and widening

of about 2.5 miles near Polallie Creek. The new road is 28 feet wide, providing two 12-foot lanes and two-foot shoulders on either side. It will accommodate trucks and buses.

Highway Division region engineer Dale Allen urges motorists to drive with caution through the area because work may still be going on and there are several slow-speed curves.
