Jubilee studies family

Families today face many adjustments, attitudes and challenges unique to the generation. The pressures and changes can produce insecure, faltering relationships or they can produce relationships strengthened with knowledge, understanding and love.

Monday evening at 7:30 p.m. Jubilee will present Men's Night at Living Way Fellowship, across from Sandy Elementary School on Strauss Avenue.

Terry and Carol Ann Unger, who have traveled around the United States since April in a motor home with their six children, will speak about what a valuable gift a family is.

The whole family gets into the act, singing and telling stories with puppets when the Ungers minister at churches, youth rallies or in the park.

"Home Sweet Home" for the Ungers is anywhere that family love is.

Retreat speaker slated

The International Women's Aglow Fellowship speaker in Jerusalem last fall will be the special guest speaker of the Hoodland Women's Aglow Fellowship this Tuesday, Sept. 22, at its luncheon meeting at 11:30 a.m. at the Red Lion Inn at Bowman's in Welches.

Mary Ann Brown, who will be the Aglow Retreat speaker for the Northwest Area retreat this weekend, spent 31 years in the church when she was faced with a test of God and His word.

Her baby daughter, Nicol Le Ann, was

diagnosed as having cystic fibrosis. She has been healed and since 1972 Brown has been speaking in churches and study groups, Full Gospel and Aglow meetings.

She was licensed to the ministry in Dallas, Texas in 1975.

There will be a salad bar luncheon. Mothers are asked to pack a sack lunch for children requiring babysitting.

Reservations, necessary before Sept. 20, may be obtained by calling 668-4972 or 668-4088 in Sandy, 630-4726 in Estacada or 622-4526 in Hoodland.

Jehovah's Witnesses distribute special book

School officials, teachers and interested students are being offered a special issue of "Awake!" magazine this month by Jehovah's Witnesses entitled "Accidents of Evolution or Acts of Creation?"

According to local Witnesses, this is not "another article about evolution," but deals with the latest developments among

evolutionists and the recent efforts of some to introduce the teaching of scientific creationism in public schools.

According to Witnesses, "Educators, students and the public alike will be able to use 'Awake!' to review a 100-year-old controversy in the light of recent discoveries."
