

Merit "Easy Switch."

National Smoker Study confirms MERIT taste sparks switch from higher tar brands.

The bottom line: taste.

That's the result of the latest wave of research with smokers who have switched from higher tar cigarettes to 'Enriched Flavor,' MERIT.

MERIT Earns Taste Trophy.

Nationwide survey reveals over 90% of MERIT smokers who switched from higher tar are glad they did. In fact, 94% don't even miss their former brands.

Further Evidence: 9 out of 10 former higher tar smokers report MERIT an easy switch, that they didn't give up taste in switching, and that MERIT is the best-tasting low tar they've ever tried.

MERIT By Wide Margin.

In addition, extensive unmarked pack tests confirm that MERIT delivers a winning combination of taste and low tar when compared with higher tar leaders.

Confirmed: The overwhelming majority of smokers reported MERIT taste equal to—or better than—leading higher tar brands.

Confirmed: When tar levels were revealed, 2 out of 3 chose the MERIT combination of low tar and good taste.

Year after year, in study after study, MERIT remains unbeaten. The proven taste alternative to higher tar smoking—is MERIT.
