NO DIGGING ZONE!

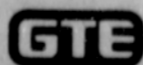

Call before you dig into someone else's conversation.

If you're planning to do any kind of underground digging, give a quick call to your telephone company. It can save time, trouble and interrupted conversation for unsuspecting telephone users.

Maybe someone's just about to pop the question. Or get a great job offer. Then the line goes dead because you cut into their telephone cable.

The telephone company has a free service designed to help prevent these accidents. Just call us at 667-9794 and ask for our cable location service. We'll come out and mark the precise location of the underground telephone cable.

So if you're putting in fence posts, building a shopping center or expanding a freeway, call us...so you won't cut in on someone's important conversation.
