**GET YOUR CAREER OFF TO A WORKING START.**

In today's job market, finding challenging work that includes on-the-job training may seem like too much to ask. Unless you ask today's Army.

In the Army, there are hundreds of skill training programs to qualify for: administrative assistant, stenographer, data communications specialist, military police and food service specialist.

You might even learn to repair power generators or equipment for utilities. Plus, there are opportunities in medical technology and many other specialties.

For more information about the many ways you can prepare for a career while serving your country, call
