HERE'S ONE NEW WAY YOUR PHONE CAN GET YOU OFF THE HOOK.

Call Forwarding lets you transfer calls automatically to another number.

Before leaving home, just dial a simple code, followed by the number to which you want your calls forwarded.

Now you can leave home without missing an important call.

In addition to Call Forwarding, we're intro-

ducing three other helpful Custom Calling Services, too: Call Waiting, Speed Calling and Three-Way-Calling.

They'll put the most up-to-date telephone advantages right at your fingertips, and the monthly cost is surprisingly low. So be sure to call your Continental business office today for details or visit your local Phone Fair. **Continental Telephone** ☎

Walter, just before you got here, you had a very important call forwarded.
—Do you have a client named Darlene?

Err...Yes...Darlene Manufacturing...!

(Custom Calling Services are not available in some areas.)
