

Don't let anyone kid you.

U.S. REPRESENTATIVE
20 DISTRICT, OREGON

Congressman Denny Smith
Washington, D.C. 20515

Dear Fellow Oregonian:

Don't let anyone kid you.

You made the difference two years ago when you said your government was too big and cost too much. You will make the difference this election when you vote for less government spending and lower taxes again.

The economic issues facing our country affect each of us... individuals and families, rich and poor, small businesses and huge corporations. The very survival of our nation is at stake. We must continue our fight against runaway government spending, and win it.

The problem with the federal government is not a lack of tax revenues. It's a lack of courage to cut federal spending. Those of us willing to make the tough decisions in Washington can change this.

I'm proud of my record in Congress. Each vote to reduce government spending and reduce taxes was cast knowing that was the job Oregonians sent me here to do. Reckless spending and taxing by politicians had our families and businesses on the brink of financial disaster. I know. My home, my family and my business are in the heart of our new 5th Congressional District.

Don't let anyone kid you. The economic issues that we have just begun to address need continued and concentrated attention. Your government can't buy its way into prosperity. It tried and we, the taxpayers, couldn't afford the disastrous results. You and I, our families, our businesses suffered for it.

When you step up to the ballot box in November, you can renew your call for a strong economy, a balanced budget and cuts in federal spending. In many races you will have a clear choice. My record backs up my pledge to continue voting for less government spending and to put our government budget on a diet the taxpayer can afford.

We're at a critical juncture in our history as a nation. The decisions we make today will determine the quality of life for future generations. It's a serious responsibility that we share as citizens.

With your support, I will return to Congress and continue our effort to control spending and restore sound, economic opportunity for all Americans.

Best Regards,

Denny Smith
Member of Congress
