Voters' league seeks Sandy-area chapter

The East County League of Women Voters is looking for Sandy area residents, male and female, who are interested in studying local and national issues and passing their knowledge on to the general public.

The League, is the middle of its annual membership drive through Oct. 9, is currently studying juvenile justice, community health needs and the rising costs of health care.

The League of Women Voters believes an informed voter is necessary to insure good government. In the League, an issue is

never supported without study and a member consensus. The findings are made available through open meetings, pamphlets, letters and speakers.

A unit of the League for couples is being formed and will meet at the home of Polly and George Casterline, 31711 SE Division Drive, Gresham, this evening, Sept. 30.

The League of Women Voters also would like to start a unit in Sandy. For more information on the East County League of Women Voters, call 252-6060.
