

Students set to decorate area windows

Sandy businessmen have an opportunity to add some Christmas cheer to their businesses in the coming weeks with the annual Christmas Window Painting Contest sponsored by Sandy High School.

Students in the school's art department will paint Christmas scenes on local merchants' windows on Wednesday, Dec. 8.

Any merchant who would like to have his window included is asked to call the school at 668-8011 ext. 234 no later than next Friday, Dec. 3. Cost is \$6 per window.

Students in grades 9 through 12 will compete in three categories: beginners, intermediate and advanced. Plaques will be awarded to winners.

Local art students will also compete with East County high schools in two other Christmas window contests. Saturday, Dec. 4, a local team will paint a window at TJ's Athletics in Gresham. Another team will paint a window at Jim Weston Pontiac before Dec. 4 in a second contest.

Local contestants will be chosen based on designs submitted to the SUHS art faculty for judging.

SUHS frosh have plans to cut costs

Cheer up. If money has you down this Christmas, freshman students from Sandy Union High School can help save money on Christmas tree purchases this year.

The class is selling coupons that allow the purchaser to get a discount on their Christmas tree at dealers throughout the Portland metropolitan area.

Coupons will be available Nov. 29 to Dec. 3 by calling the school, 668-8011, and asking for a freshman class officer, either Debbie Lamn and Pamela Dimmick.

Area Christmas tree retailers participating include Wondervue Nursery and Garden Center, 29300 SE Haley Road, Boring; Drake's Seven Dees, 16519 SE Stark, Portland, and Frank Granstrom, Division and Hogan, Gresham.

Barter group strengthens

Barter Systems International recently strengthened its position with its members by forming a Barter Deposit Reserve Corporation (BDRC), according to the Sandy optometrist who heads the Portland office.

The creation of this reserve will provide additional assurance that Barter members who hold Barter Trade Units will suffer no losses due to the dissolution of one or more Barter Systems International offices.

BDRC, a private corporation which has been in the making for more than a year, was formed and capitalized during the recent Barter Systems convention at Safety Harbor, Fla., according to Dr. Robert Schouten, president of Barter Systems International of Portland.

"Barter Trade Units have always been backed with goods and services, but BDRC will help remove the fears associated with holding a membership in a local office that is sold or

terminated," Schouten said.

Chartered in 1977, Barter Systems International is the nation's largest barter company, with approximately \$200 million annual volume and a network of more than 30,000 members among 80 local franchise offices.

The Portland office was founded in 1979 and has experienced rapid growth.
