

## A really big show

Brooke Self, left, and Melissa Tolle will be two of about 70 dancers participating in the Geyer School of Dance's ninth annual revue, titled "KJAZZ TV." Everything on television, from Lawrence Welk to Solid Gold, will be covered.

The revue is Friday, May 31 at 7:30 p.m. at Sam Barlow High School. It is free to the public. Self and Tolle perform "Yellow Submarine" on the Ed Sullivan Show.

## Senior Center news

### Locals to participate in parade

Now is the time to renew your membership with the Sandy Senior Center. Membership dues are \$2 per year. Also, remember to renew your subscription to the Sandy Senior Scene Newsletter. For \$3 you will receive 12 issues from July, 1985-June, 1986.

If you are new to the area or have never been involved at the Sandy Senior Center, now may be the time.

This Friday Bill Knight-Weiler will present a musical program. It is scheduled at 12:30 p.m. following lunch. This is a good chance to visit with Knight-Weiler if you haven't seen him recently.

The highlighted trip this week will be into Portland to observe the Rose Festival Starlight Parade, which is Saturday, June 1. The parade will feature floats decorated with lights, along with marching units, clowns and cartoon characters.

Featured in the parade will be our very own Julie Latimer as Queen of the Sandy Mountain Festival. She will be accompanied by her escort and court.

Ernie Hegge will be the guest of honor Monday, June 3 as we help him celebrate his birthday. The party will be in conjunction with lunch, held at the Senior Center, which will begin at noon. Anyone wishing to help Hegge celebrate is welcome.

### Helmer completes training

Airman Annette J. Helmer, daughter of Betty L. Quellette and stepdaughter of Raymond K. Quellette of Huber Heights, Ohio, has completed Air Force basic training at Lackland Air Force Base, Texas.

During the six weeks at Lackland, the airman studied the Air Force mission, organization and customs and received special training in human relations.

In addition, airmen who complete basic training earn credits toward an associate degree through the Community College of the Air Force.

The airman will now begin on-the-job training in the base services field at Castle Air Force Base, Calif.

Her husband, Brian, is the son of Mr. and Mrs. Royal F. Williams of Boring.

She is a 1979 graduate of Limestone High School, Maine.

and playwright, has put together a dramatization dealing with the issues of endangered species, Indian rights and human encroachment.

Welches School students will be the first to perform "Land of the Animal Spirits." A dress rehearsal will be held at 1 p.m. on Monday, June 3. The play will be presented to the general public on Tuesday, June 4 at 7:30 p.m. in the multipurpose room.

According to information provided by Welches School, "Due to the importance of the issues involved and the desire to educate as many people as possible, this play is being sponsored free of charge."

The dramatic presentation can be humorous, sad and "will most certainly make you think."

Students will portray the coyote, wolf, whale, dolphin, manatee, sea otter, salmon, harp seal and eagle. Human characters in the play are the

ancient narrator, two elderly Indians of the now extinct Clackamas Indian tribe, and two government land agents.

Dr. Darwin J. Goodey, historian, writer, clinical psychologist and instructor of ethnic studies at Central Washington University in Ellensburg, is quoted as saying: "I think every young person in America should read, see the play or experience it in some way because 'Land of the Animal Spirits' has a very important message."

According to John Talley, producer of KBOO's magazine program, "Indian World," "Mr. Jones has managed in one act to express a poignant plea for environmental matters and has shown us the Indian wisdom in dealing with the traditional 'circle of life.' This play, though designed for youthful audiences, carries a powerful message to all."

## Scientists expose Government-supported Psychiatric Abuses of American Citizens

The Church of Scientology has, for more than 30 years, been one of the most effective organizations in investigating and exposing government-funded psychiatric experimentation carried out on American citizens, often without their knowledge and consent. The Church has stressed that Americans must be free from such abuses and dangers.

In 1975, for example, the Church revealed documents it had obtained under the Freedom of Information Act (FOIA) which detailed the work of Dr. Amadeo Marrazzi, a psychiatrist at the Missouri Institute of Psychiatry. Marrazzi had been involved in the CIA's mind control experiments since 1951 and had conducted illegal LSD experiments on his patients without the knowledge of patients, guardians or his superiors.

Following the Church's revelations, Marrazzi was brought before a Senate hearing and accused of having "devastated" an 18-year-old psychiatric patient with LSD.

Despite the irrefutable evidence of Marrazzi's crimes, the Department of Justice refused to take any action against Marrazzi and ordered the case closed altogether.

In 1979, the Church exposed massive Army experimentation using a mind-crippling psychiatric hallucinogen, nicknamed "BZ." This drug, classified as up to 100 times more powerful than LSD, was given to hundreds of soldiers at Edgewood Arsenal in Maryland during the 1960s, as part of a government-sponsored psychiatric "research" program.

Recently the Church released FOIA documents which showed that blacks were singled out for use as human "guinea pigs" during extensive testing of LSD and other destructive hallucinogenic drugs in a CIA-funded research program at the National Institute of Mental Health (NIMH) Addiction Research Center in Lexington, Kentucky.

Such documentation is evidence that the government has been heavily involved in psychiatric experimentation on American citizens, and that U.S. agencies have been supporting the psychiatric establishment with massive funding, despite the fact that psychiatry has been found to be alarmingly ineffective in bringing about its stated goal: mental health.

Moreover, psychiatry's dismal statistics and its appalling results raise serious questions about the government's support and use of psychiatry. For example:

- In 1983, the Church's newspaper, FREE-DOOM, reported the staggering fact that psy-

chiatrists were incorrectly diagnosing 50 per cent of their patients as mentally ill when they were actually suffering from only a physical ailment;

- The suicide rate among psychiatrists is more than 50 per cent higher than the suicide rate for the average citizen in the United States;

- At least 50 per cent of all those who commit suicide have had previous psychiatric contact;

- In a study of nearly 400 reported cases of murder, suicide, rape, arson and kidnapping, it was found that each person responsible for the act had either been recently under the care of a psychiatrist, or had, not long before, been released from a psychiatric facility; and

- The list of psychiatry's failures is horrifying — Charles Whitman, the infamous "Texas Tower murderer," Juan Corona, brutal killer of 25 migrant workers in Yuba City, California; Mark Chapman, killer of John Lennon; Robert DeSalvo, better known as the Boston Strangler; James Earl Ray, assassin of Dr. Martin Luther King Jr.; Lee Harvey Oswald, assassin of President John F. Kennedy; and Sirhan Sirhan, assassin of Robert F. Kennedy — the list is endless. All of these murderers had a history of psychiatric treatment prior to committing these murders.

The Church has made numerous submissions to Congress and to other organizations, detailing the damaging effects of psychiatric treatment and experimentation on our citizens and calling for an end to government funding of this destructive, unconstitutional use of taxpayer monies. As a result of the Church's exposure of the Army's BZ testing, for example, the Army agreed to destroy their stockpile of this drug, thus preventing its further use.

In response to the Church's effective actions in exposing these experiments and in campaigning for an end to government support of psychiatric drug testing, government agencies have occasionally mustered attacks against the Church; but our work to educate American citizens and to bring about a reform of such abuses will not be deterred.

The Church of Scientology believes that freedom from brutal psychiatric treatment and drugging is one of the basic rights of all men, and we will continue our campaign to reform not only psychiatry
