These immaculate trucks have been used only 3-4 months a year and average 5000 miles per year. We need the room — so we'll sacrifice at our low depreciated residual balances. These have never been licensed. Available in many different colors. If you hurry — you'll find the truck with the lowest miles.

Car must be driveable, have title, etc.
If not running, please call for details.

We guarantee our car repairs for life. Compare.

Look at the chart and you'll see that nobody has a better repair guarantee than our Lifetime Service Guarantee. When we fix your Ford, Mercury, Lincoln or Ford light truck, you'll pay only once. If the covered part ever fails or wears out, we'll fix it again free—parts and labor. It lasts as long as you own your car, no matter where you bought it, how old it is or how many miles it has on it. Naturally, it's a limited warranty that excludes routine maintenance parts, tires, belts, hoses, batteries, sheet metal and upholstery. But it does cover thousands of repairs including engine work on vehicles in normal use. So look at the competition and compare our Lifetime Service Guarantee to theirs. Then come to us for the best repair guarantee anywhere.
