Franchise fee totals \$66,516

The city of Sandy will receive a total of \$66,516 in April from Portland General Electric Co.

Jerry Gillham, community relations representative, said the funds are 1987 franchise fees paid by the utility based on business it conducted in Sandy in 1986.

"Franchise fees are based on 3.5 percent of PGE sales in Sandy, with the exception of large industrial accounts and a small percentage taken out for uncollectable accounts," Gillham said.

People who would like to support the Sandy Mountain Festival — Sandy's community celebration — may do so by joining "Friends of the Sandy Mountain Festival."
