Featuring:  
**#VAUGHNSTRONG FOR STATE SENATE**

I'm Todd Vaughn. I spent a lot of years working hard to harvest, restore and care for the Umpqua National Forest. Since the mid-80's I've fought to protect our natural resources, defend our ability to live off the land and bring attention to federal government overreach. But, since 2020, our government has overtly attacked our liberty. And the worst of it is: our Senator, David Brock-Smith, is in on it. He says he's a Republican with rural values. But he gave the Elliot State Forest to climate change activists. He WROTE the bill responsible for bringing windmills to the coast of Coos County. He Skyrocketed rural homeowners insurance with the wildfire mapping bill. And he even voted "yes" to put tampons in elementary school boys bathrooms across the state.

**VOTE AMERICA FIRST!**

If you want real representation in Salem, you need to vote for a real man who shares your values. It's time for change and change is exactly what I'll bring:

- Get liberal indoctrination out of our schools.
- Protect our forest and fishing industries.
- Stop the Chinese Communist influence and infiltration in Oregon.
- Cut the taxes and the crap we're forced to pay for like abortion and sex changes for minors.
- Protect cheap energy and natural gas exploration
- NO GREEN NEW DEAL!
- End sanctuary state status and stop human trafficking.
- In-person voting with ID.
- MAKE OREGON GREAT AGAIN!

**VOTE!**

**#VAUGHNSTRONG**

Republican primary May 21 2024
