**"RECONNECTIVE ENERGY." WHAT IS IT?**  
In his book *The Reconnection: Heal Others, Heal Yourself*, Dr. Eric Pearl describes it as tapping into a healing frequency that brings in light and information allowing us to reconnect with our own healing ability. From my own experience I would say it's connecting to the essence of our souls.  
**There are two separate components to Reconnective energy.**  
**THE RECONNECTION™ and RECONNECTIVE HEALING™.**  
During a **Reconnective Healing™** session I surround you with the Reconnective energy, allowing for healing of mind, body, and spirit. Clients feel the energy as tingling sensations, warmth, or an altered state of reality. Following the session you typically feel calm, grounded, with a renewed sense of well-being. The energies are initiated at the beginning of the session and continue working long after the visit has ended. Healing from depression, chronic illness and cancer have been documented. Three sessions bring optimal results.  
**The Reconnection™** activates new lines connecting us to the Universal Gridwork. Originally the meridian lines, or acupuncture lines, on our bodies were connected to the grid lines that encircle the planet. These grid lines were designed to continue out and connect us to a larger grid, tying us to the entire Universe. Over time we became disconnected from these lines. During The Reconnection™ you will again be connected and your life forever changed as your consciousness is allowed to expand and shift. The Reconnection™ is done in two sessions preferably on consecutive days. Client's experiences during the sessions vary: some see brilliant colors, others feel a presence in the room. Post session experiences can run the gamut from a sense of well being to more dramatic individualistic changes.
