EVERYONE HAS A STORY.

CERTIFIED NURSE MIDWIFE SUE ARMSTRONG
SHARES HERS...

"I view myself as a partner with women helping to make pregnancy and birth the thrilling, empowering, and satisfying experience it should be, within the boundaries of safety."

PeaceHealth Medical Group welcomes Sue Armstrong, CNM, to its experienced group of Certified Nurse Midwives. Sue has been practicing in Eugene since 1995, taking care of both pregnant women and women with a variety of gynecological needs.

The Certified Nurse Midwives work closely with physicians to provide comprehensive women's care.

Sue received her nursing and midwifery training from the Yale School of Nursing in New Haven, Connecticut. Together with her colleagues at the Prenatal Clinic and Nurse Midwifery Birth Center, Sue enjoys helping each woman explore a personalized path to the birth experience.

Sue Armstrong can be reached at the Downtown Clinic, 1162 Willamette St., or at the Birth Center, 511 E. 12th Ave. Both locations are in Eugene. To schedule an appointment, call 687-6238 or 484-5796.

LET US BE A PART OF YOUR STORY.

**PeaceHealth
Medical Group**
