SHAMANIC HEALING

Shamanic Healing addresses the spiritual aspects of physical, mental and emotional illness. It works well in conjunction with traditional and/or alternative health care practices. Possible symptoms calling for Shamanic Intervention are:

- not feeling whole • "part of me left" or "I haven't been the same since"
- chronic illness, depression or fatigue • addictions
- feelings of possession, darkness, or alienation

A one time Healing Empowerment Ceremony can address the issues & restore the integrity of the soul force. There is also a monthly drumming & journey circle to support your ongoing process.
