IS THERE a small business you've always dreamt of wanting to start? I'm wanting to move to western Oregon to find a person who could have ideas and knowledge that you think would be a great, high money making small business that's been tested, proven and that you yourself would tackle and win against! If you have the desire, I've got the will and power to cover all the material costs needed, even if it means 100s or 1,000s of dollars. It might be stupid for me doing this, but it means your dreams coming true, and an excuse for me to move to beautiful Oregon and see what I have missed earlier in my life. You have nothing to lose and all to gain for this once in a life opportunity to be a partner. What's your idea of a small business? Can it be highly profitable? Again, has it been tested and proven? Come on, let's make money together and see how it goes! Remember, I pay all material costs of small business! If you have a hard time believing this message, I understand fully, but you have to believe there's got to be some good in this world we live in today. I'm serious about this ad, so serious callers only. If you want to get out of a rut and have a great understanding about any high money making small business that is legal, call and let's talk about it. Ernest, 402-421-8750.
