Adult Children of Addiction

8 week educational group

For adults raised in families affected by the chemical, gambling, or sex addiction of one or both parents.

- Join an educational exploration group for the adult person who finds his or her life still disrupted by those early family years.
- Learn how children often appear to survive "in spite" of the addictive family system and how as adults they often find that problem issues center around trust, control, needing to be perfect, identifying and expressing feelings, giving too much and not receiving, forming and maintaining intimate relationships.
- Begin to feel better as this 8 week group offers techniques for resolving old issues and for learning more effective social skills.

Facilitator: Karen Howell, M.A., NBCC
 Chemical Addiction Educator
 Marriage, Family, Child Therapist,
 working with couples, individuals and families for 23 years.
