Get Involved It's Your City Hall

City Hall has served Eugene for more than 40 years. City services long ago outgrew City Hall, and are now located in multiple buildings scattered around downtown.

The building is increasingly expensive to operate and maintain. City Hall will need millions of dollars in repairs and improvements to last another 40 years.

What is the best way to address these issues? Renovate, build a new City Hall, or a combination of both?

The Eugene City Council wants to hear what YOU think should be done. At the next Community Forum you will have a chance to weigh in on these options.

Please join your friends and neighbors in discussing the future of your City Hall.

**Come to the next Community Forum
