

nity that codifies infill and new development standards that protect these native soils, trees and open space from over-emphasis on concrete and asphalt found in city land use code. We need growth to enhance safety and local commerce on our main arterials, while preserving quiet access to the natural areas along the river and maintaining the integrity of our existing neighborhoods."

The first public meeting Tuesday will gather the values and goals that will inform the creation of three alternatives for Rasor MUC. Additional public forums will occur throughout the winter, leading to a selection of a preferred alternative in spring. For more information, contact city project manager Ken Guzowski at 682-5562 or Handy at 689-6372.
