Gelato:

Gelato means "frozen" in Italian. It is ice cream that is made with very little air whipped into it and a low butterfat content. The result is a velvety smooth texture and unmasked intense flavor. Ours is made by Palazzolo's in small batches using traditional Italian methods and only natural ingredients.

Come in and cool down with a scoop of creamy gelato, refreshing sorbetto or vegan Coconut Bliss. If you're feeling particularly decadent, try a root beer float or a hot fudge brownie sundae.
