Let's check out that injury.

You can probably live through the pain now – but untreated injuries often cause physical problems later in life. Most importantly, timely treatment can get you back to playing your favorite sport or being active.

Slocum Center for Orthopedics & Sports Medicine offers a Rapid Access Clinic. Just come in Monday through Friday from 3 – 5 pm, and we'll check out any injury less than seven days old. You can also call to schedule an appointment within 24 hours.

I'm Patrick List, M.D., and I was privileged to complete a primary care sports medicine fellowship at the American Sports Medicine Institute with James Andrews, M.D., a pioneer in musculoskeletal injuries. Now, I'm pleased to practice with some of the country's finest orthopedists and surgeons at the Slocum Center.

I'm here to help you *live in motion.*
