New music from the place to find it.

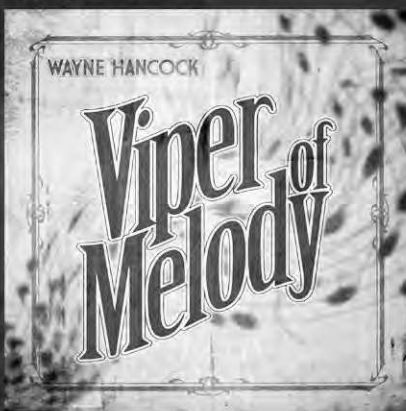

BRUTAL TRUTH - EVOLUTION THROUGH REVOLUTION: - After 10 years this albums pure and vital hybrid of ear-shredding extremes virtually explodes out of the speakers with the urgency of the times. Simply stated, Evolution through Revolution is BRUTAL TRUTH at the height of its powers.

CIARA - FANTASY RIDE: Packed with energetic beats, dynamic production, and provocative lyrics, Fantasy Ride secures Ciara the top spot as a superstar performer. Features production by Justin Timberlake, Rodney Jerkins, Tricky, Polow Da Don, and Danja. Also features appearances by Missy, The-Dream, Young Jeezy, Ludacris, Chris Brown, and T-Pain.

DEVIL MAKES THREE - DO WRONG RIGHT: This CD captures The Devil Makes Three's live energy unlike any other previous recording of theirs. Recorded in their house on 2-inch tape, this record truly communicates the live energy of the band that has made them so popular on the live front.

WAYNE HANCOCK - VIPER OF MELODY: This CD is a deft proclamation of Wayne's unwavering belief in the curative energy of juke joint swing. With his brand of stripped down, intensely rhythmic combination of Hillbilly Swing, Honky Tonk, Rockabilly and Hep-Cat Boogie, it's an infectious and unpretentious sound.

NOFX - COASTER: Coaster showcases NOFX's limitless proficiency in crafting songs that simultaneously electrify and entertain. As always, Fat Mike tackles a diverse range of topics including politics, drug abuse, and religion. All of which are adeptly fused with the fast, technical and melodic sound that NOFX spawned to create an entire genre of punk rock.

VIOLENT J (INSANE CLOWN POSSE) - THE SHINING: The Shining isn't just the newest Insane Clown effort; it's a new and revealing chapter in their legacy. It focuses on the fascinating character of Violent J: both as a member of ICP's ruthless, relentless Dark Carnival, and as the all-too-human writer/rapper behind the paint, Joe Bruce.

THE BLACK CROWES - LIVE 2 CD SET: This new live double CD was recorded last year on tour in support of their critically acclaimed new studio album 'Warpaint'. It features the entire 'Warpaint' album in extended live versions, plus a mixture of previously unreleased cover versions and some of their own classics.

BLACK LABEL SOCIETY - SKULLAGE: Having graced the world's stages for the last 18 years, both as Ozzy Osborne's right hand man as well as fronting BLS, Zakk Wylde has established himself as one of the few remaining guitar heroes. Skullage represents a look at the history of Black Label Society through album tracks, fan favorites and four live acoustic cuts.

CLUTCH - SLOW HOLE TO CHINA: RARE & UNRELEASED: Digitally remastered and expanded, this 2002 rarities collection now including 3 additional tracks. Slow Hole To China features 15 remastered rarities straight from the vaults of Neil Fallon, Jean-Paul Gaster, Tim Sult, and Dan Maines! Includes Clutch's dynamic cover of John Coltrane's 'Equinox'.

COCKTAIL SLIPPERS - SAINT VALENTINE'S DAY: Norway's premiere export. A bit of Marianne Faithful-meets-the-'70s-gold-of-Abba, and the '90s snarl of The Breeders, lets you in on their secret. "they are the perfect role models for a new generation" - Little Steven Van Zandt; Produced and arranged by Little Steven. He also wrote two cuts, including the title track!

MANCHESTER ORCHESTRA - MEAN EVERYTHING TO NOTHING: Andy Hull's voice, and the palpable unity of the way this band plays together creates songs that can bring you to tears in one instance while at the same time hitting you squarely in the solar plexus with riffs that tighten your flesh and invite the adrenaline to course through your veins.

MARIZA - TERRA: Recently performed in Eugene at the Shedd...With musicians from England, Spain, Cuba and Brazil she has discovered a genuinely new sound that has its roots in Fado. Her current fans will love the passion and power that is her hallmark, but there will be new fans aplenty that love the uplifting nature of the new direction.
