2009 release from the Eugene singer/songwriter, the follow-up to his hit album Nothing Left to Lose. City Of Black & White is an album informed by the traveling, performing and adventuring the Oregon-born, Nashville-based singer did while supporting that breakthrough album. An open-hearted album of self-discovery, City of Black & White is a chronicle of the people he met and missed during that journey.

Started as a response to the current apolitical climate in commercial music, the Hard Truth Soldiers compilation series is a rallying cry for social justice. Each volume is a collection of material that goes against the grain of commercial hip-hop by providing content of substance, touching on subjects ranging from war and police brutality to black on black crime and domestic violence.
