Brandi Carille
Bear Creek

Brandi Carille: Bear Creek

"BEAR CREEK" sees the singer/songwriter using the experience garnered from life on the road to elevate her already astonishing artistry to a new plane. The album is marked by Carille's earthy, naturalistic approach to recording.

Mike Scheidt: Stay Awake

To those familiar with YOB's front man, the sincerity, raw emotion, and Eastern philosophy that have found their way onto Stay Awake will be no surprise. These are core elements present in any YOB performance or song.

Dr. Acula: Nation

Nation starts out with a bang in the first track "Heave Handed." Instead of doing the experimental deathcore sound of their previous releases, they incorporate a more straight forward hardcore sound into their song writing realm of craziness.

DIRTY HEADS

Dirty Heads: Cabin By The Sea

Long awaited sophomore album from the Southern California rocker dudes. The Dirty Heads' blend of hip-hop and classic reggae rips through the sonic surf with bold beats, fun rhythms and the relaxed vibe of feel-good lyrics.

Whitechapel: Self-titled

2012 release, the fourth studio album from the Knoxville-based Deathcore band. The album cover is an image of the Flag of Tennessee (paying homage to the band's home state) inside of the band's trademark saw blade.

Lost Prophets: Weapons

Lostprophets follow a long bout of touring, writing and recording to release their fifth studio album entitled Weapons. Lostprophets were formed in 1997. Their line-up is Ian Watkins, Jamie Oliver, Stuart Richardson, Mike Lewis, Lee Gaze and Luke Johnson.

AZEALIA BANKS

Azealia Banks: 1991 - EP

Azealia Banks is like Nicki Minaj meets Santigold. Her style encompasses fierce rapping, clever wordplay, and creative rhythms. The production and craft recall Santigold, while the lyrical content, delivery, and attitude recall Minaj.
