When you meet **Gavin** he'll be squinting. Not because of your blinding good looks, but because he has an eye condition. He's kept comfortable with regular applications of eye drops which he'll require for the duration of his life. Administering drops is a small price to pay for a peek into pools of crystalline-blue, crossed as they may be. When lights are low and his purr is in full effect, his eyes will open ever so slightly. If you weren't already drawn in by the gravitational force that his sizeable body exerts, those eyes will seal the deal. Learn more about this Tabby-striped Siamese at www.green-hill.org.

Hello everyone! I'm **Rod** and I am really looking for a home! I am just coming up on my 1st birthday and the greatest present would be to have someone to play and snuggle with me all the time. I love to snuggle and climb and play laser pointer and snuggle and chase jingly balls and snuggle and eat and... oh yea, **SNUGGLE!** Stop by soon to see me and the other adoptable rescue kitties in the shop!
