

THIS MODERN WORLD

by TOM TOMORROW

Our enduring freedom will be the story written by those people who, when guided by truth of their hearts, are moved to stand together. With this collective truth as our shield we seek to establish and protect our human rights, knowing well that new rights are never given away by the powerful; they must be fought for and won.

As I stand in acknowledgement of the demands within my heart, I have been met by a community that works tirelessly, without monetary compensation, to defend our access to a sustainable food system. I challenge you to listen to your heart; what does it tell you? Can you feel the groundswell? Do you see the potential we have if we work collectively to preserve local and state rights?

If you agree that Monsanto Corporation has earned the right to forever control our food, our economy and our lives, you should stay away Saturday, and leave the March Against Monsanto to others. But if

the truth in your heart says that we have the right and the power to protect the health of our community as we choose, you should stand with us at 11 am Saturday, May 25, at the Free Speech Plaza and join our rally and March Against Monsanto. See wkly. ws/1h9.

HIGHWAY TO VENETA

Lane County Commissioners, LCOG and ODOT are moving forward with building a new \$135 million-plus, four-lane "Fern Ridge Highway" [see wkly. ws/f] and I see that EWEB is installing a new water pipeline to Veneta.

I wonder, did EWEB owners (EWEB is a "public utility") vote to build and maintain this new pipeline? I would think that EWEB ratepayers/owners might be getting sick of paying higher utility
