HELLO! MY NAME IS

Campbell Mechanical LLC

Heating, Air Conditioning & Refrigeration

541-517-1965

www.campbellmechanical.com

Great, just what Eugene needs... another Heating, Ventilation & Air Conditioning (HVAC) contractor. With so many HVAC contractors in the area, why does Eugene need another one? Well, let me tell you why.

At Campbell Mechanical, you will deal directly with me, Martin Campbell, not some impersonal faceless large company. You can look me in the eye, shake my hand and know that I'm going to do what's in your best interest. I'm old fashion that way. And I can most likely save you a lot of money. I don't have the high overhead that the larger companies have, so I can pass the savings on to you. I'm not a slick salesman or a technician working on commission, so I'm not going to sell you something you don't need. So before you call one of the Big Box companies, be sure to call me for an estimate.

I've been in this industry for more than 20 years and I have worked on many different types of systems. When I work on your equipment, you can be assured that you will be getting a highly qualified technician at a very reasonable price. I take pride in my work and I strive for excellence. It's important to me that I provide you the best value for your money. So if you are looking for professional service at a reasonable price, call Campbell Mechanical. You'll be glad you did.

I repair, install and maintain residential and commercial HVAC systems. I also work on commercial refrigeration systems, including but not limited to reach-in and walk-in coolers and freezers. I have experience with building automation controls, cleanroom design and construction, and hydronics. Whatever type of system you have or need, I'm confident I can provide you with expert quality service.

I have lived in Eugene for 10 years and I really enjoy being part of the community. I appreciate the diversity of the local residents and look forward to establishing professional relationships and providing a valued service within the local community. For expert quality service from a local company, call Campbell Mechanical at (541) 517-1965 or email me at info@campbellmechanical.com. CCB#198786
