HELLO! MY NAME IS

Ryan Garity
Not For Dogs Only, LLC
info@notforgogsonly.com

Our mission is to educate all dog owners on the importance of feeding every dog a grain-free and gluten-free diet. Did you know those bright colored dog food bags decorated with fields of wheat and up close shots of beautiful ears of corn may be slowly killing your dog? Yes, its true and we hate to be so blunt, but we continue to be shocked by the fact that at least 90% of Americans still don't get it. We live in a country where media is controlled by corporation. If the media were to report that wheat, corn and soy is really detrimental for dogs many big American corporations would go under. Not to mention the fact we wouldn't need to take our pets to the vet nearly as often; vets would go under. Why do you think veterinarians often point to Science Diet as the only solution for your dogs ailment? They want a revolving door so they can continue to line their pockets while your dog suffers. Consumers like to think that since they are buying an expensive bag of food that it must be good for their dogs. Being that Not For Dogs Only, LLC is focused on education before profits we just ask that you simply begin reading the label on your pets foods. Make sure it doesn't contain any wheat, corn, soy or animal by-products.

Not For Dogs Only, LLC we strive to locally source only the finest human grade, organic ingredients for our treats. Each product has been thoroughly researched to ensure not only that it is safe but also that it has a health benefit for dogs. Since dogs do not have a small intestine they lack the ability to break down grains. At first we were skeptics about the whole "gluten-free" idea until we started doing our research. Soon after becoming educated we decided on a 100% grain-free diet for our Golden Retriever. We were having a hard time finding treats that he would enjoy that aren't filled with flavor additives, artificial coloring, preservatives and animal by-products. This gave us the inspiration to start making treats for our own dog. It took a lot of trial and error and a real picky dog to get the perfect treat. With almost six years in business and with 99% of dogs loving our treats we are confident that your dog too will enjoy having a healthy and handmade treat made with love in a certified kitchen. You can find a list of our retailers as well as great information on the impact of gluten on canines on our website: www.thehealthydogstore.com
