**HELLO! MY NAME IS**

**White Bird Dental Clinic  
a part of White Bird Clinic**

White Bird Dental Clinic opened in 1995 to provide low cost dental care to Lane County Residents. While we are most famous for our walk-in clinics, we also provide restorative dentistry.

Restorative dentistry is a process that occurs when the dentist restores an injured or decayed tooth returning it to its normal function. Timely treatment can be the difference between retaining or losing your good oral health.

White Bird Dental Clinic is staffed by general dentists, hygienists and dental assistants. Appointments are available for restorative dental treatment. New patients fill out screening paperwork accepted each morning before 10 AM. A future appointment is then made for the initial exam and x-rays.

To help ensure oral health and a lifetime of good oral care habits: eat healthy foods, brush at least twice a day and floss daily. Visiting the dentist and hygienist is important to prevent minor problems from becoming major ones.

If you have a major dental problem please come to our walk-in clinic. The times and dates are listed on our website [www.whitebirdclinic.org](http://www.whitebirdclinic.org) under the "what we do" tab. We provide an exam and x-ray of a problem area then discuss the treatment options. Patients are seen on a sliding scale so proof of income is important to determine cost.

Studies suggest that oral inflammation and bacteria can contribute to the development of heart disease and make it difficult for persons with diabetes to control their blood sugar levels. Maintaining good oral health is important to overall health.

1400 Mill st., Eugene 541-344-8302

Interested in writing about your business? It is now included as part of a discounted Classifieds ad package. Call 541-484-0519 for more info.
