Portrayed in movies as bloodthirsty, mindless killers, wolves often get a bad rap. Exhibit A: Last hunting season, hunters killed over 550 gray wolves in Wyoming, Idaho and Montana. On Monday, Cozmic will screen the documentary *Wild Things*, which examines the intersection of predators, livestock and the people who seek compromise on behalf of the 46 wolves here in Oregon. A panel discussion follows the screening, including OSU professor Robert Beschta and filmmaker Daniel Hinerfeld. Since wolves might head to western Oregon next, it’s important to start thinking about it now.
