Do you know what polyamory is?
I have not a clue.
Can you guess?
Having sex so you don't get pregnant?

Elissa P., 50, single

What's the best part about being single?
Selection — you can pick anybody you want.
What's the worst part about being single?
Being single. Being alone.

Have you ever been cheated on?
Yes. Dropped him like a rock. Well, he didn't know I was dropping him, but he figured it out.

How did you find out?
She took a shower in his apartment, and I could smell it.

Have you ever cheated on somebody?
Yes. And I felt like hell. Some way, something happened, and I broke up with him and I think he figured it out.

What is one of your most memorable Valentine's Days?

Going to the beach in Delaware with the guy I was going out with at the time. I was in my late 20s and he made it memorable with a really thoughtful comment. He told me I would probably get more beautiful as I got older. And he made me dinner.

Have you ever walked in on someone?
No. No. No... Wait, yes! I tried to get my coat at a party and someone had already figured it out because the door was locked, but ...

Have you ever been walked in on?
No. Wait, actually — yes, I have. I was in the kitchen and a friend of mine walked in on me.

Do you know what polyamory is?

No, I don't.

Can you guess?

It's probably either latex or a new condom or something like K-Y Jelly.

Beverly Sternkopf, 69, married

What is the best part about being married?

Best part I think is having somebody to rely on to take care of each other.

What is the worst part about being married?
Sharing a small house. He lives on a studio

on the land and I live in the house. And it works.

What is one of your most memorable Valentine's Days?

My husband sends me a card on every holiday, and he does a lot of artwork, and he always plasters hearts over everything.

Have you ever cheated on someone or been cheated on before?

Both — but not in this relationship.

Have you ever walked in on someone having sex or have you ever been walked in on?

No.

Do you know what polyamory is?

Lots of loves. Poly means many and amor means love.

Laazarus Eden, 30, not single

What is the best part about being "not single"?

The best part is feeling the companionship and caring of someone else feeling the same way I do.

What's the worst part?

There isn't a worst part right now.

What is one of your most memorable Valentine's Days?

I don't know; I don't celebrate Valentine's Day.

Have you ever cheated on someone or been cheated on?

I have been cheated on, yes. Do I feel like I cheated? No. Would someone else tell you that I did? Probably.

Have you ever walked in on someone having sex or been walked in on?

Both, yes.

Do you know what polyamory is?

Polyamory is believing that there's not one person for any one person.

Tahaia Johnson, 59, happily single

What is the best part about being single?

First time in my life I've been single and I really, really love it. I work like crazy, I built my house, I built my life — I have purpose.

What is the worst part about being single?

If I fell and broke myself, how long would it take for somebody to find me?

Have you ever cheated on someone or
