

been cheated on?

No. I have been cheated on, but I have never cheated on anyone.

**Have you ever walked in on anyone having sex or have you been walked in on?**

Yeah, probably when I was younger because everything was open. But when you have children you tend to be careful about that sort of stuff.

**Do you know what polyamory is?**

Yes, my friend is actually a polyamorist. I actually wanted to do that. But, as it turned out, my husband decided he wanted it to be exclusive. Separate relationships. I always figured if I love a man and he loves someone, then I'm gonna love that person too.

**Devin Hinshaw, 23, in a relationship**

**What is the best part about being in a relationship?**

You can do things together.

**What is the worst part?**

That you can't do things with other people.

**Can you define "things" for me?**

Ask me other questions first and maybe I'll warm up to it.

**What is one of your most memorable Valentine's Days?**

I don't celebrate Valentine's Day because I don't celebrate any consumer holiday and most American holidays are consumer holidays. Every day should be love day.

**Have you ever cheated on someone or been cheated on?**

Yes. I don't want to go further.

**Have you ever walked in on someone having sex or been walked in on?**

Oh yeah, that's a funny story. Well, I've definitely walked in on a group session. My roommates, all of them, high on drugs rolling around naked on the floor.

**How did it start?**

Yeah, they took some designer drug and got them really in the mood, I guess.

**Do you know what polyamory is?**

Polyamory is when you can have multiple people, or being open enough to communicate with multiple people to have sex with multiple people.

**So, can you go back to defining "things" for me?**

You can't be in the moment with people.

**Michael, 55, single**

**Hi sir, can I ask you a few questions? We're from Eugene Wee...**

Eugene, let me tell you about Eugene. Once I saw this guy in the shower get out and pour Tabasco sauce on himself and start rubbing it in and then take syrup and pour it here and here and then put his jeans back on. Then you got the guy down at the bus station with the pink tutu ...

**OK, what is the best part about being single?**

Freedom. I'm an alcoholic, I drink heavily — I've been drinking 35 years. A woman always seems to want you to give up something. If you love somebody enough you'll put up with it. I drink a fifth of vodka a day, but that's just me!

**What's the worst part?**

Being lonely and missing the sex. 'Round here you can find someone and pay them.

**What's one of your most memorable Valentine's Days?**

That's a hard question because I don't know. To me, it's just another day. I haven't had a Valentine's Day with a woman for years.

**Have you ever cheated on someone or been cheated on?**

Not really cheated. No, no — every one of my relationships has been honest enough to say, "All right, I'm tired of you," or "I'm interested in someone else." But to sneak around? No, I haven't. I sleep at a campsite and have a storage ... It's really hard to have a relationship when you don't have stability.

**Have you ever walked in on someone having sex or been walked in on?**

Yeah, yeah. College. That's a good one. Walk in, walk out and "Excuse me, bye."

**Do you know what polyamory is?**

Nope.

**Can you guess?**

Like polygamy or something? I don't know.
