

AllStar Rock Foundation, Rockin' the Stage, Inspiring Life!

Performance-based music program for young musicians to explore their musical interests. Whether it's guitar, bass, vocals, keyboard, or drums, our programs are designed for all skill levels. We combine a weekly private lesson with a weekly group rehearsal to prepare students to take the stage in our Season Shows. Our program encourages the confidence and artistry of performing music, as well as connections that last a lifetime.

- *Striving to create a foundation for our students to build on.*
- *Bringing Music and Community together to form a base in an industry that is ever changing.*
