

FREE WILL ASTROLOGY

BY ROB BREZSNY

ARIES (March 21-April 19): Can you imagine feeling at home in the world no matter where you are? If you eventually master this art, outer circumstances won't distort your relationship with yourself. No matter how crazy or chaotic the people around you might be, you will remain rooted in your unshakable sense of purpose; you will respond to any given situation in ways that make you both calm and alert, amused and curious, compassionate for the suffering of others and determined to do what's best for you. If you think these are goals worth seeking, you can make dramatic progress toward them in the coming weeks.

TAURUS (April 20-May 20): As I tried to meditate on your horoscope, my next-door neighbor was wielding a weed-whacker to trim her lawn and the voices in my head were shouting extra loud. So I decided to drive down to the marsh to get some high-quality silence. When I arrived at the trail head, I found an older man in ragged clothes leaning against the fence. Nearby was a grocery cart full of what I assumed were all his earthly belongings. "Doing nothing is a very difficult art," he croaked as I slipped by him, "because you're never really sure when you are done." I immediately recognized that his wisdom might be useful to you. You are, after all, in the last few days of your recharging process. It's still a good idea for you to lie low and be extra calm and vegetate luxuriously. But when should you rise up and leap into action again? Here's my guess: Get one more dose of intense stillness and silence.

GEMINI (May 21-June 20): My readers have a range of approaches for working with the counsel I offer. Some study the horoscopes for both their sun signs and rising signs, then create do-it-yourself blends of the two. Others prefer to wait until the week is over before consulting what I've written. They don't want my oracles to influence their future behavior, but enjoy evaluating their recent past in light of my analysis. Then there are the folks who read all 12 of my horoscopes. They refuse to be hemmed in by just one forecast and want to be free to explore multiple options. I encourage you to try experiments like these in the coming days. The moment is ripe to cultivate more of your own unique strategies for using and interpreting the information you absorb — both from me and from everyone else you listen to.

CANCER (June 21-July 22): Have you been drinking a lot of liquids? Are you spending extra time soaking in hot baths and swimming in bodies of water that rejuvenate you? Have you been opening your soul to raw truths that dissolve your fixations and to beauty that makes you cry and to love that moves you to sing? I hope you're reverently attending to these fluidic needs. I hope you're giving your deepest yearnings free play and your freshest emotions lots of room to unfold. Smart, well-lubricated intimacy is a luxurious necessity, my dear. Stay very, very wet.

LEO (July 23-Aug. 22): In my opinion, you need to bask in the glorious fury of at least one brainstorm — preferably multiple brainstorms over the course of the next two weeks. What can you do to ensure that happens? How might you generate a flood of new ideas about how to live your life and understand the nature of reality? Here are some suggestions: Read books about creativity. Hang around with original thinkers and sly provocateurs. Insert yourself into situations that will strip you of your boring certainties. And take this vow: "I hereby unleash the primal power of my liberated imagination."

VIRGO (Aug. 23-Sept. 22): When you were a child, did you play with imaginary friends? During your adolescence, did you nurture a fantasy relationship with a pretend boyfriend or girlfriend? Since you reached adulthood, have you ever enjoyed consorting with muses or guardian angels or ancestral spirits? If you answered yes to any of those questions, you are in a good position to take full advantage of the subtle opportunities and cryptic invitations that are coming your way. Unexpected sources are poised to provide unlikely inspirations in unprecedented ways.

LIBRA (Sept. 23-Oct. 22): When you were born, you already carried the seeds of gifts you would someday be able to provide — specific influences or teachings or blessings that only you, of all the people who have ever lived, could offer the world. How are you doing in your quest to fulfill this potential? Here's what I suspect: Your seeds have been ripening slowly and surely. But in the coming months, they could ripen at a more rapid pace. Whether they actually do or not may depend on your willingness to take on more responsibilities — interesting responsibilities, to be sure — but bigger than you're used to.

SCORPIO (Oct. 23-Nov. 21): I suspect that you will soon be culminating a labor of love you've been nurturing and refining for many moons. How should you celebrate? Maybe with some champagne and caviar? If you'd like to include bubbly in your revels, a good choice might be 2004 Belle Epoque Rose. Its floral aroma and crispy mouth-feel rouse a sense of jubilation as they synergize the flavors of blood orange, pomegranate and strawberry. As for caviar: Consider the smooth, aromatic and elegant roe of the albino beluga sturgeon from the unpolluted areas of the Caspian Sea near Iran. But before I finish this oracle, let me also add that a better way to honor your accomplishment might be to take the money you'd spend on champagne and caviar and instead use it as seed money for your next big project.

SAGITTARIUS (Nov. 22-Dec. 21): Some species of weeds become even more robust and entrenched as they develop resistances to the pesticides that are designed to eradicate them. This is one example of how fighting a problem can make the problem worse — especially if you attack too furiously or use the wrong weapons. I invite you to consider the possibility that this might be a useful metaphor for you to contemplate in the coming weeks. Your desire to solve a knotty dilemma or shed a bad influence is admirable. Just make sure you choose a strategy that actually works.

CAPRICORN (Dec. 22-Jan. 19): Your assignment, if you choose to accept it, is to compose an essay on at least one of the following themes: 1. "How I Fed and Fed My Demons Until They Gorged Themselves to Death." 2. "How I Exploited My Nightmares in Ways That Made Me Smarter and Cuter." 3. "How I Quietly and Heroically Transformed a Sticky Problem into a Sleek Opportunity." 4. "How I Helped Myself by Helping Other People." For extra credit, Capricorn — and to earn the right to trade an unholy duty for a holy one — write about all four subjects.

AQUARIUS (Jan. 20-Feb. 18): I suspect that in the coming months you will be drawn to wandering through the frontiers and exploring the unknown. Experimentation will come naturally. Places and situations you have previously considered to be off-limits may be downright comfortable. In fact, it's possible that you will have to escape your safety zones in order to fully be yourself. Got all that? Now here's the kicker. In the coming weeks, everything I just described will be especially apropos for your closest relationships. Are you interested in redefining and reconfiguring the ways that togetherness works for you?

PISCES (Feb. 19-March 20): If you're playing the card game known as bridge, you're lucky if you are dealt a hand that has no cards of a particular suit. This enables you, right from the beginning, to capture tricks using the trump suit. In other words, the lack of a certain resource gives you a distinct advantage. Let's apply this metaphor to your immediate future, Pisces. I'm guessing that you will benefit from what may seem to be an inadequacy or deficit. An absence will be a useful asset.

HOMEWORK: What's the situation in your life where it's hardest for you to be loving? Practice being a master of compassion there in the coming week.

WIGGLY TAILS DOG RESCUE

Helping abandoned and surrendered dogs find their forever homes

Bosco is a beautiful 1-2 yr old pom mix. He will need a secure yard and would love another playful dog. He loves to run and play outside, is potty trained, kennel trained and

a low barker. This sweet boy has suffered some abuse in his past. He will need a patient person who can help him trust again. Even after all he's been through, he is still eager to please. He does prefer women, but with a little time and patients will warm up to men. Let us know if you can open your heart and home to this special boy.

PET OF THE WEEK!

Everybody deserves a good home

88530 Green Hill Rd

Miss Kitty is a shy but affectionate lady. She has a bit of an independent streak, but that doesn't stop her from enjoying the attention she deserves. She is a calm and quiet, and is looking for a home that has a lot of the same. She loves to explore the outdoors and enjoys

sitting in a loved one's lap while getting groomed. Miss Kitty is used to being the only animal in the house and would prefer for it to stay that way. That's okay, though, because she has plenty of affection to give. If you think Miss Kitty would fit well in your home, come down to Greenhill and say hello.
