## HERE'S HOW PROJECT COUNSELING WORKS

We help resolve different points of view through mediation and open discussion between contractors & clients or just between clients.

While we provide a neutral ground for conflict resolution, our services are most valuable before a project begins. A plan review will give the client focus & clear understanding of what they are getting. This will keep the project on track and may prevent costly schedule delays!

Our goal is to assure clients they are getting a project as planned while keeping contractors moving forward.
