Wall Street likes what it sees in the 45th president. We the people like what we see in the resistance movement: efforts to protect progressive populist programs like Social Security, Medicare, and Medicaid, municipal bodies declaring their jurisdictions to be "sanctuary cities", a ramped up environmentalism, and a growing internationalist sentiment. As Joe Hill said, "Don't Mourn. Organize." Trump has raised the stakes. The People are responding. Yes, we're in for quite a ride. But a broad coalition in opposition is growing.
