**AT SENECA, WE APPROACH  
TIMBER MANAGEMENT WITH A  
LONG-TERM, SUSTAINABLE VIEW.**  
We invest in creating healthy ecosystems, which are vital to our business, fish and wildlife, and those who enjoy recreation on our lands.

We manage our timberlands with the future in mind: **generations of trees and generations of family.**

**DID YOU KNOW?**

- Our tree farms clean the air of CO<sub>2</sub> from the equivalent of 86,169 vehicles each year
- We have 91% more timber on our lands than we did 20 years ago
- We plant more than 1.5 million seedlings each year
- Sustainability is key: trees planted today won't be ready for harvest until 2067
