CONSTITUTION TALK
WITH YOUR HOST, RUDY GIULIANI
KIDS, ONE THING IS CLEAR--THE PRESIDENT IS ENTIRELY ABOVE THE LAW! HE CAN DO WHATEVER HE WANTS--AND NEVER FACE ANY CONSEQUENCES!

HE COULD SHOOT JAMES COMEY IF HE WANTED! AND HE DEFINITELY HAS THE POWER TO FIRE MUELLER--FROM A CIRCUS CANNON INTO AN ACTIVE VOLCANO! IT'S ONE OF THE LESSER KNOWN CLAUSES OF THE CONSTITUTION.

NOW, AS I WAS SAYING--THE PRESIDENT ABSOLUTELY HAS THE AUTHORITY TO PARDON HIMSELF FOR THE MANY CRIMES HE HAS UNQUESTIONINGLY COMMITTED!

HE ALSO HAS THE AUTHORITY TO ORDER THE DEPARTMENT OF JUSTICE TO FULFILL HIS MOST FLEETING WHIM! HE COULD FORCE JEFF SESSIONS TO KNEEL BEFORE HIM AND WORSHIP HIM AS A LIVING GOD--AND IT WOULD BE TOTALLY CONSTITUTIONAL!

WAIT, DID I SAY THAT OUT LOUD? I MEAN, HE COULD PARDON HIMSELF, BUT WHY WOULD HE NEED TO? EXCEPT MAYBE FOR FUN!

AND TO OWN THE LIBS, WHICH IS ONE OF HIS MOST IMPORTANT CONSTITUTIONALLY-MANDATED DUTIES!

BUT--WHY DIDN'T THEY TEACH US ANY OF THIS IN SCHOOL?

DANCING WITH DANGER

I have been wanting to write this for years, yet didn't know exactly where to send it. I am concerned about the lack of rules and regulations of Oregon Liquor Control Commission (OLCC) in the past 10 years.

I was a stripper in Eugene and Springfield between 1997 and 2007. I always felt somewhat safe that there were rules upheld by OLCC in all the strip clubs. I honestly have to say that I am appalled and concerned by the lack of regulation of laws now at all clubs.

I am embarrassed and feel worried for the safety of the entertainers and patrons of these businesses. It is now a live sex show and prostitution runs freely amongst bar owners and the eyes of OLCC. I am disappointed and dumbfounded by this fact.

Where are you OLCC? Who is letting this go on? Even as a fully clothed customer, I have had my crotch and breasts grabbed. I fear for the safety of all the dancers as well as the future of OLCC if they are allowing this activity to occur on a daily basis.

PREVENTING SUICIDE

On June 10 I will be traveling to Washington, D.C. along with more than 225 American Foundation for Suicide Prevention (AFSP) advocates from all 50 states to meet with our congressmen and senators, urging them to support suicide prevention and mental health legislation.

Together we are standing up, speaking out and seeking improvements in five key areas that would play a vital role in preventing suicide and improving mental health across the country: increased funding for suicide prevention research; insurance coverage for mental health and substance use conditions; military and veteran suicide prevention; preservation of funding for suicide prevention programs; and increased funding for the National Suicide Prevention Lifeline (800-273-TALK) and Crisis Centers.

I lost my father and brother to suicide, and I live with bipolar disorder, so this cause is very personal for me.

I have dedicated my time to educating others about suicide prevention and mental health. In meeting with members of Congress, it's our collective goal to effect real change in our government and further our mission to stop suicide.

Let's make mental health as important as physical health and continue to bring hope to those affected by suicide.

END CHILD MARRIAGE

Between 2000 and 2015, at least 207,468 children were married in the U.S., and 3,285 or more of those cases were in Oregon and mostly involved girls married to adult men.

Recently, Delaware became the first and only state to outlaw all marriage under the age of 18. In all other U.S. states, minors can marry through legal loopholes, and often there is no minimum age for marriage.

In Oregon, 17-year-olds can marry with parental consent. This law fails to address the fact that when a child is forced to marry, the perpetrators are almost always the parents.

All child marriage should be eliminated in Oregon. This issue is not about emotional maturity, but rather legal capacity. Minors under 18 lack the legal rights to safely navigate a marriage. They cannot easily enter a domestic violence shelter, retain an attorney or file a legal action in their own name.

The law requires that youth shelters inform parents of the whereabouts of their children, which puts victims in danger if their parents are complicit in the abuse. Child Protective Services will often not intervene in child marriages if the parents consent to the marriage.

Child marriage can also have devastating effects on health, education and economic opportunities.

As a group of high school juniors and seniors, we urge our legislators to end child marriage in Oregon. It is a threat to the safety and freedom of our peers.
