

# MIDDLE HOUSING HELPS PEOPLE

## WE SUPPORT THE PLANNING COMMISSION'S RECOMMENDATIONS

The Eugene Planning Commission consulted with housing experts and engaged the public to address how our city should implement HB2001, Oregon's new Middle Housing law. In January, the Commission unanimously passed its recommendations, which incentivize affordable and climate-responsive housing. The City Council will vote in late May. We support the recommendation because it helps to address our community's severe lack of affordable housing. Please join us.

Community partners and neighborhood leaders working collaboratively to increase housing affordability, diversity and supply.
